ABSTRACT

Adhitama, J. A. 2017. *Proposed Solution to Reduce Traffic Jam on Singosari Road*. Final Report. D3 English Program, University of Merdeka Malang.
Advisor: Prilla L. Wediyantoro, S.Pd., M.Pd.

Key Words: Traffic Jam, Public Transportation, Private Vehicles, Random Parking

This final report is intended to explain about the traffic jam problem in Singosari. The traffic jam has become a very complicated problem, especially in big cities like Jakarta, Surabaya, and no exception Singosari Malang. The traffic jam in Singosari is similar to the traffic in big cities in Indonesia. By that reason, the writer doing a survey to find out what probably causes the traffic jam in Singosari. Apparently, after a further observation, there are a lot of traffic jam causes in Singosari, starting from the number of vehicles which very rapidly until traffic violations such as random parking on the roadside. The writer then uses a brainstorming system to find alternative solutions for the causes of traffic jam in Singosari. After that, the writer chose the right solution and that can be applicable to the problem. The right solution is to start from giving penalties for parked vehicles on the roadside, traffic management, and making the additional facilities, such as fly-over building to facilitate activities on Singosari road. Thus, in the writer's opinion, those solution as a consideration to suppress the traffic jam problem in Singosari.

ACKNOWLEDGMENT

First of all I sincerely express my deepest gratitude to Allah SWT for overflowing of blessing and guidance so that this Final Report can be finished on time. As a Moslem, I know that I cannot be successful without Allah SWT blessing.

Second, I wish to say my greatest thanks to my parents Miswardi and Wiwiet, and to my sister Dewi for their prayer and support.

Third, I also want to gratefully acknowledge the contributions of my friends in D3 English Program and in Civil Engineering whose considerable efforts, suggestions, ideas, and insight helped me to make this Final Report more valuable.

Fourth, I feel much indebted to Drs. Suatmo Panca Putra, M.Pd., the Head of D3 English Program for all his supports and guidance.

Fifth, great thanks go to Mr. Prilla Lukis Wediyantoro, S.Pd., M.Pd. as my advisor for his support and patience in guiding me finishing this Final Report. I also wish to thank all lecturers for passing knowledge during my study. Many thanks are also addressed to all D3 English Program staffs for their services and help.

The last, sincere thanks goes to Mr. Ahmad Fadillah and Mr. Budiyo, MT for a great welcome and permission for me to do the interview and data collection facilities.

TABLE OF CONTENTS

List of Appendices	viii

CHAPTER I : INTRODUCTION

1.1 Background of Final Report.....	1
1.2 Objective of Final Report.....	3
1.3 Significances of Final Report.....	3

CHAPTER II : MAIN REPORTS

2.1 Description of the Final Report	4
2.1.1 The Definition of Road	4
2.1.2 The Traffic Jam Problems in Singosari	7
2.1.2.1 The Definition of Traffic Jam	7
2.1.2.2 The Probable Causes of Traffic Jam in Singosari.....	7
2.1.3 The Steps Used to Resolve the Traffic Jam Problem in Singosari	11
2.1.4 The Traffic Jam Solution in Singosari	12
2.1.4.1 General Transportation Mode Factor and Waiting Time	12
2.1.4.2 The Number of Private Vehicles in Singosari Road	14
2.1.4.3 Road Design Factors	14
2.1.4.4 Drainage Factors	17
2.1.4.5 Public Places Factor	17
2.1.4.6 Road Usage Factor	18
2.1.4.7 Government Support Factor	18
2.1.4.8 Fly-Over Construction	19
2.2 Skills Required for Writing the Final Report	21
2.2.1 English Skill.....	21
2.2.2 Traffic Engineering Skills	21
2.2.3 Road Geometry Planning Skills	21
2.2.4 Environmental Engineering Skills	21
2.2.5 Social Science and Basic Culture Skills	22

2.3	Problems and Solutions	22
2.3.1	The Difficulty of Data Collection	22
2.3.2	Lack of Information from Related Parties ..	22
2.4	The Relevance of the Final Report with the Writer's Future Career	23
CHAPTER III	: CONCLUSIONS AND SUGGESTIONS	
3.1	Conclusions	24
3.2	Suggestions	25
